Dear Class of 2006:

Fitchburg High School is built on a foundation of "purpose". Its mission involves incorporating basic skills, thinking skills, academic skills and content, and personal and social skills. Our school's foundation is made up of four corners, which are all interconnected in one way or another. One represents you, the students, the second represents your parents and home environment, the third represents school personnel and the fourth represents your peer groups.

You represented the first corner. Within this corner you were grouped into four types. One was the independent, motivated learner who participated in a wide variety of co-curricular activities.The second had the ability to learn but for some reason needed to be motivated, monitored, needed support, and may or may not have required longer learning time. Some of you had the ability but showed little or no interest in academics or co-curricular activities and made up the third type. You progressed through school as potentia dropouts, but luckily, school, community, and parents intervened cooperatively. The fourth type were those of you who were limited in ability for whatever reasons, needed alternative instruction, and needed specific and prescribed support and supervision, and fortunately received all necessary resources.

The second corner represented parents/guardians and the home environment. This evidence is clear-- the more parents/guardians who got involved in your school life, the greater the potential you had to academically and socially achieve.

The third corner of our foundation was made up of school personnel, particulary school administration, faculty and the high school's culture or climate. We were responsible for providing an atmosphere that was orderly, businesslike, and friendly. Our mission expected you to achieve, to perform, to apply skills and learn content. Furthermore, we worked together to develop positive, effective, interpersonal relation ships.

The fourth corner of our foundation consisted of your peer group.This was the most unstable corner of our foundation, only because its emphasis did not always support academic excellence. Our experience showed us that some students relished in academic recognition, while others were uncomfortable when recognized for academic achievement. We realize this foundation corner has to become stronger for our culture to become stronger.

As graduating seniors, I hope you had a comfortable stay inside the friendly walls of FHS, walls that were supported by these four interconnected foundation corners. Some corners were more sturdy than others, but hopefully the rods connecting each foundation section enabled the whole to become strong-promoting motivation, providing a supportive culture, talented teachers, and involved parents. Go forth with our blessings and use this foundation to help build your adult lives - hopefully full of love, success and happiness.

To Every Student

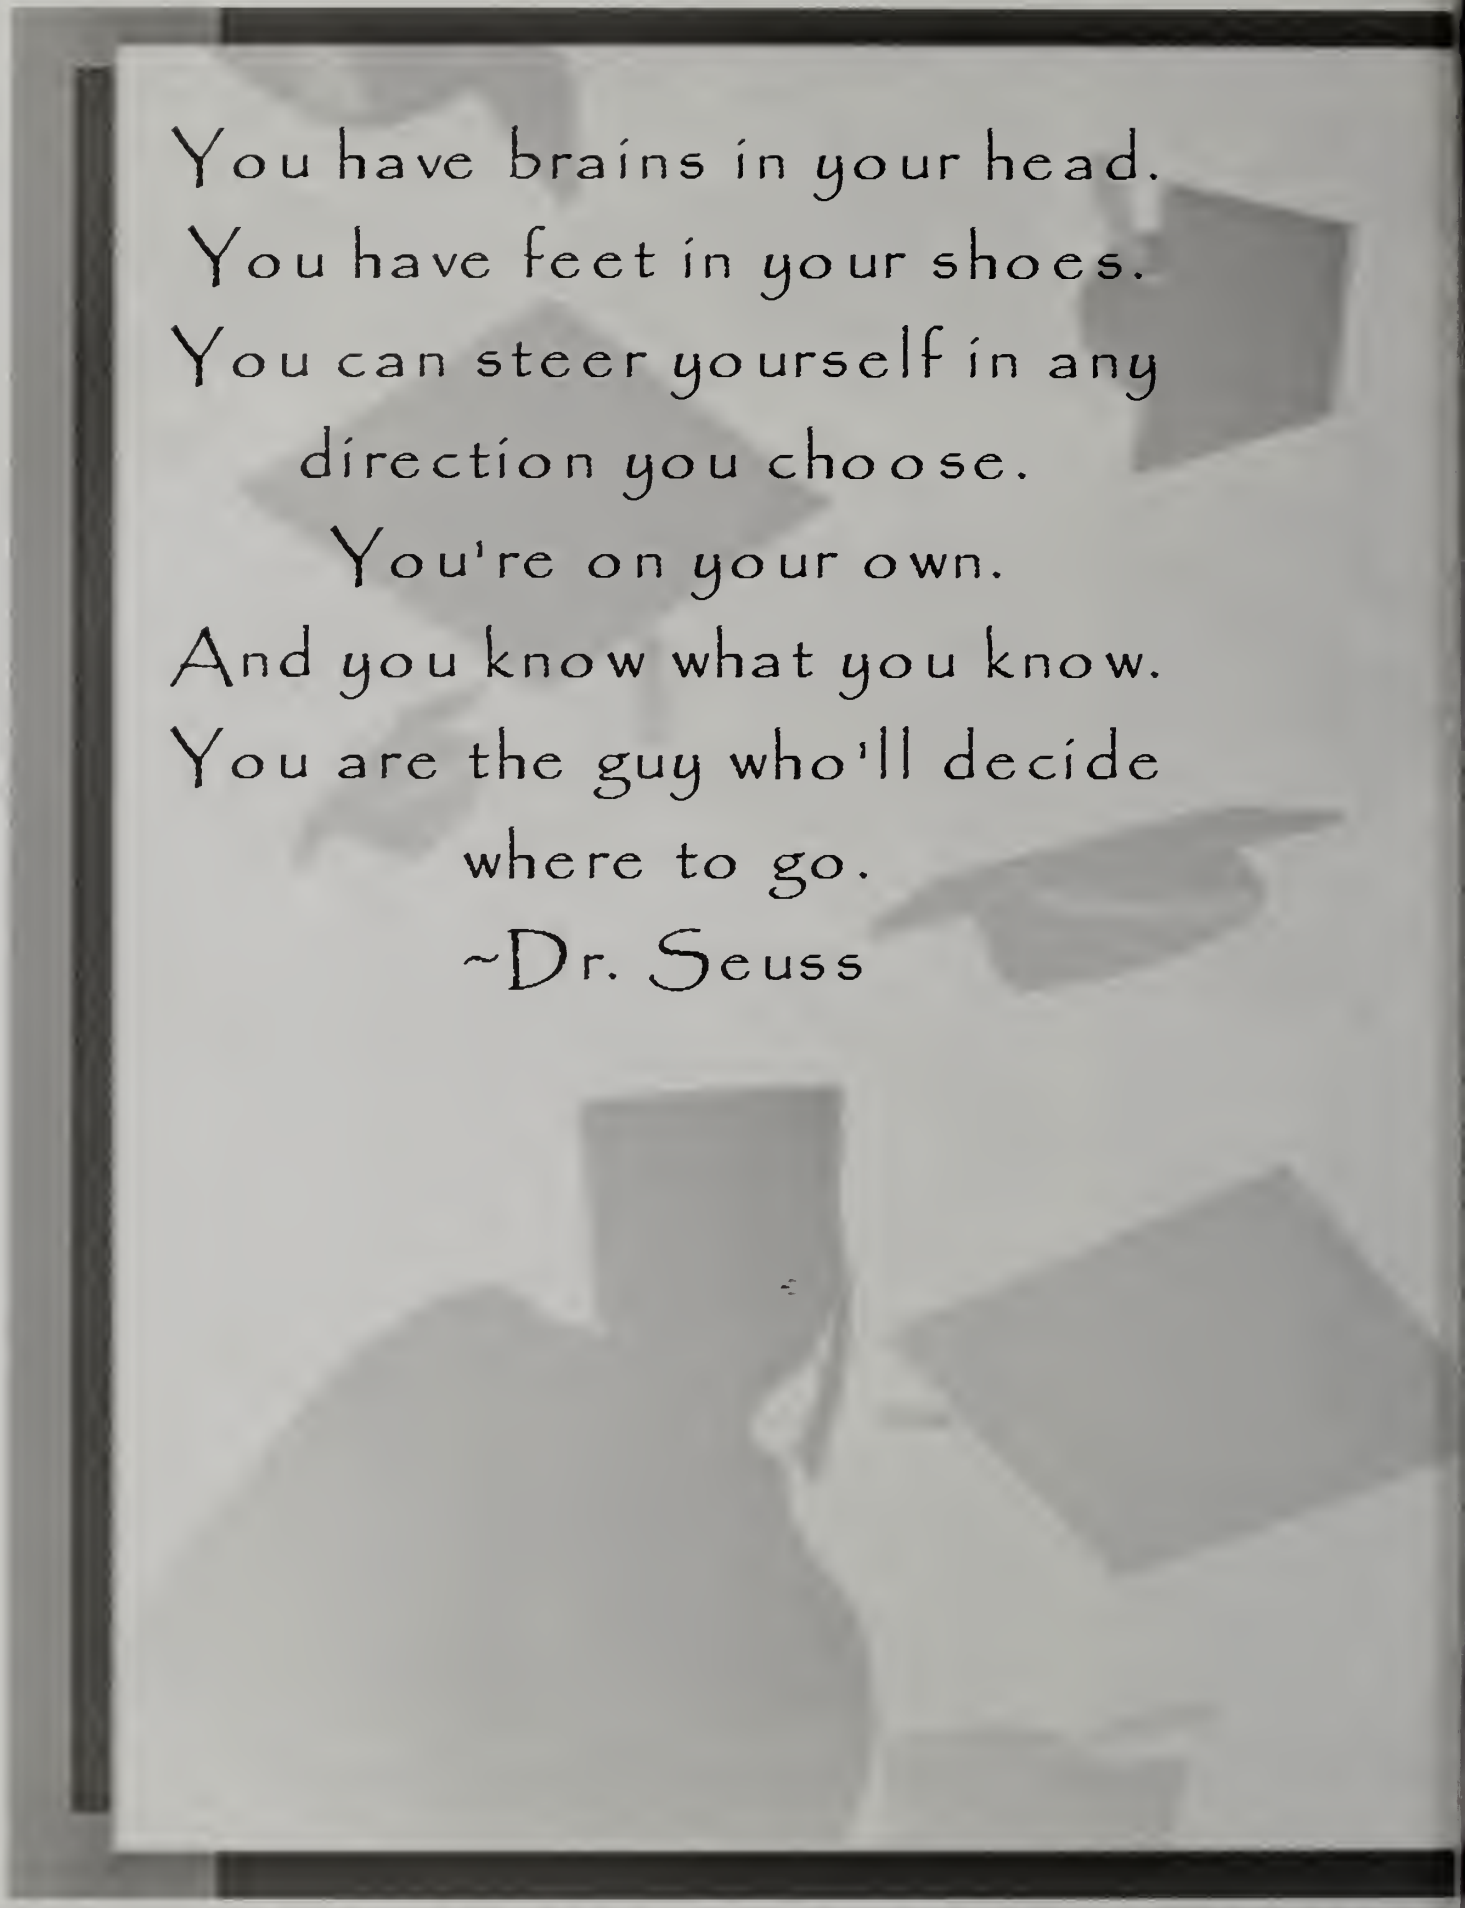

In every school, to every student
there's a special teacher.
To every teacher, to every student
there's a special bond.
To every bond, to every moment
there's a special time that we'll
think back and say to ourselves
"that teacher really cared!"
If you know that teacher cares,
your life will brighten up because
now you know that
if you fall, that same
special teacher
will come and help you up.

The past four years at Fitchburg High have been one of the best experiences I've had. I met a lot of great people and learned a lot of new things. I want to say thanks to all of my family, friends, and teachers for supporting me through everything. I wouldn't be where I am today if it weren't for all of you. The memories will last forever! Good luck class of 2006!

First I would like to say good luck to the FHS soccer team, and just remember that, "Our greatest weakness lies in giving up. The most certain way to succeed is to always try just one more time." Even though I only ran cross country for one season, it was the best high school experience I had. Too bad it ran the same time as soccer... I would like to thank my parents for all their help and guidance through all these years, and good luck to everyone graduating this year.

Many people have asked me "What is 'the hype'?" The answer to that question is this. The hype is: Sick field hockey games with Carbone and Ireland. Those good times at Coggshall with Kris and you know what Jackie, I don't even like jelly. Nga Tong, you are one of a kind, even if you don't pay attention to directions. Other people like LH, Jeff, BC, KM, AB, KH. And of course, Will and David- without them there would be no hype. Thanks to everyone who made High School so great.

Throughout high school you begin to learn that some people go out of their way to cause drama. I always had smile on my face and I was always trying to help people out. I've met a lot of new people in these 4 short years. Some have become great friends whom I intend to keep. Others came and went because we went our separate ways. I'd like to thank: Amanda G., Becky D., Megan K., Matt M. and NP, KA, DH, TD, RC, SC, JM, SS, AG, DA, MV, HT, and HC. I'd also like to thank my sister Nichole and my brother Kevin. As I look back on my high-school years, I see obstacles I over came, places where I failed, and places where I succeeded. I see good friends, and strong competitors. I have fond memories such as ear poison and the bus rides junior year (thanks Mrs. S.!) I'd like to thank all my teachers, and most especially Doc, who taught us much more then Latin. I'd also like to thank my parents, for raising me well, and my friends, who I couldn't live without. And as for the future, well, I'm coming, Goats and Monkies!

Some of my favorite memories of my life so far are just hanging out with friends and family and meeting new people. I remember my really good friend Matt, we would ride bikes together as little kids and just hang out, we will always be friends. I also remember bonfires at my house after football games and the prom party, fun times, playing ice hockey - freshmen to senior year, winning games, having fun and making memories.

It's crazy to think about being in school all your life, and then looking ahead to realize it's all over: the friends, the thoughts, the grades. High school finally reached its end. I love looking back on all the memories, skipping down the hall to the Wizard of Oz, to inviting all the lonely people to your table of crazy people at lunch. I wouldn't have wanted it any other way. Oh, Senior Year. Within these four years, I have been through tons of changes. I am so glad that I was given opportunities to experience so many things, and have my friends back me up all the way. The memories I take with me when I leave this school are the treasures I will forever keep. I'd like to thank MA, RV, PM, KG, XP, TM, AW, SL, DG, and everyone else who has contributed to my miraculous time at Fitchburg High School. "Education is freedom" (Andre Gide, Journal)

I can't wait to leave FHS and go to college. Don't get me wrong, sleeping in school everyday is never a bad thing, but sometimes teachers can be annoying, telling me to do some work. So I have to get up and grace everyone with my magnificent work and go back to sleep. IN MY DREAMS!

What I most like about this school is my classes. The thing that I dislike is that students don't wear uniforms. The moment that I most remember was when I first came here. I think it was the hardest week becaus I didn't understand anything. My future plan is to continue studying. My favorite quote is "envy kill." The people I am most thankful fo are Mrs. Avacelis Abrev, Mr. Carlos Garcia, Mrs. Susan Tolstrup, and Mrs. Ann Capodagl because they helped me pass high school. Ialso want to thank my friends and my famil for being there for me.

How do you sum up 4 years of high school in a few sentences. The years have passed so quickly. Seems just like yesterday my best friends + I played squirt gun tag and I hid in a trash can. Needless to say I got stuck and didn't think I was going to get out. Just like high school but my friends helped me, pushed me through it. As much as I am scared of what the future holds for me I know I'll have my brothers Timmy, John, and Benny. Love you guys! I would like to thank my mom and dad for being there and supporting me through all these years. I also would like to thank all of my friends for helping and supporting me in class. You are all wonderful people and I wish you all the best of luck in whatever you do.

Yong Xiong

Mai Yong Yonga

I would like to thank my friends and family for always being there for me, as well as myself for staying in school. Looking back when I first enter as a freshman, I assumed that my year would never come, or atleast it would be a million years to come, but I was wrong. It flew by so fast, and now I'm a senior. Junior/Senior prom was a blast can't wait until I graduate... "...You can do it!!!"

First, I'd like to thanks my parents along with all my friends for supporting me in high school. I enjoyed all my four years in Fitchburg High School, and I'll never forget each and every moment, whether it be good or bad, happy or sad. I don't think I could have survived my high school years without all of my friends, and those important to me. I wish the best for all of them later in the future "In this world all things comes and go, and it's hard to know what the future may hold. Nothing really stays the same, and when we least expect it, our lives are change." So live life to the fullest!

Well, I can't believe I actually made it this far! Senior year is one of the most scariest, but fun year. I would of never made it without the help of my wonderful teachers and friend! Big shout outs to Bea, Melinda, and Lee: I love you ladies! And best wishes in life with your hubbies and everything else!! One of my future plans is to be a chef, so everyone look for me on the food channel 10 years from now! To all the seniors: Best wishes in life and love!

NEED HELP?

Message from S.T.

The faculty and student body are extremely thankful for your hard work and dedication with resolving the many technological issues at F.H.S. this year. Without each of you, computer access would have been severely reduced.

Special thanks to Jon Clark, who has given of himself 100% in an effort to support every aspect of our technological needs when called upon. His ability to teach, lead, evaluate and resolve issues regarding programming and infrastructure were invaluable.

Thank You for everything!

In Loving Memory

Elaine was the epitome of a friend. She was always happy and laughing. No words could ever explain how much we miss her. She will always be in our hearts. - Nicole Francis

Of

Lainy Boy, the funniest and sweetest girl I've ever known. Irreplacable, lovable, and one in a million. We'll miss you and will always have you in our hearts. - Nga (Naja) Tong

Her warm and loving personality was like no other. You could not help but be her friend. - Julie Hachey

You don't know how much you're missed. The years haven't been the same without you here with us. When I reminisce, my memories, I let it go back to when we played as kids. "Every day that passes, I get closer to seeing you again." From cousin to cousin, I Love You hun. R.I.P - Olivia Elmasri

"Life never asks you what you want, it's just gonna have its ways.. Sometimes it doesn't give like it takes.." The memories never got old + the tears from so much laughter never stopped making our stomachs hurt. We were way too original for the world. Only the good die young. RIP Lainy Boy. - Melissa Shaw

Lainy Boy you are missed more than words can explain. The memories of all our good times will not be forgotten.- Kelly Kanclerowicz

Optimistic and compassionate are two words that are Elaine. A great person and even a better friend who always believed in tomorrow. A short life lived to the fullest and an amazing person taken too soon. She had a heart for everyone and everything and wouldn't allow sadness into her life. Elaine, you will be with us on graduation day and in our hearts forever because you touched our lives in a way no one else ever could. As I watched them through the curtains
they drove off and she was gone.
She was looking mighty pretty; all grown up with make-up on.
Yesterday her world was smaller; puppy dogs and Barbie dolls.
Now I stand knee-deep in memories; fed by pictures on my walls.
Treasure all your dreams, my child.
They're like voices in the mist on a stage that's filled with promise,
sweeter than an angel's kiss. Keep reaching for the stars, my child.
Keep that twinkle in your eye. Stay here a little longer.
Try to make your childhood last.
My child, don't grow up too fast.
